Pool Products

2026 OAPP SIGNATURE  
VINYL LINER COLLECTION

We are a United States based manufacturer of High Performance Building Materials used for the construction and installation of inground swimming pools and are marketed under the brand name "Only Alpha Pool Products".

**Superior Technology, Advanced Processes, High-Performance Materials,** combined with **Experienced and Seasoned Leadership** give the Only Alpha Pool Products brand the leading edge in manufacturing construction components for swimming pools.

No other manufacturer in the pool industry uses state-of-the-art and patented technologies like we do.

**100% SOURCED, MANUFACTURED, & FABRICATED in the USA**

*Thank You for choosing...  
Only Alpha Pool Products*

♥ Meet Piper

Pattern Shown: Pale Blue Bahama

**Selecting Your Pattern: It's All About the Vibe!**

Your pattern choice sets the mood for your pool. Some patterns are designed to create *peaceful, organic movement on the floor*, perfectly mimicking calm, natural water. Other styles, like vibrant mosaics and intricate tile designs, offer a unique, high-style personality. And if you dream of a secluded grotto, stone and aggregate patterns are the ideal choice to mimic natural environments like quarries and river beds.

**Shimmer**

Adds a high-impact sparkle that brings the water to life. It's a beautifully simple feature that guarantees a sophisticated and elegant finish every time the sun shines.

Pattern Shown:  
Naples

**Border or No Border?**

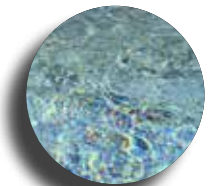

Choosing a border can add that extra layer of personality and style to your pool. It provides a chance to incorporate intricate tile or stone looks, adding a layer of defined style. If a streamlined look is preferred, a borderless (all-over) pattern is ideal; its continuous design offers flexibility and coordinates effortlessly with pool finishes.

Pattern Shown: Carmel-by-the-Sea

**Water Color made Simple...**

Forget the frustration of choosing a pattern—let us guide you in crafting the perfect aesthetic for your backyard oasis. Picking a liner isn't just about color; it's about choosing the vibe you want your pool to have every single day.

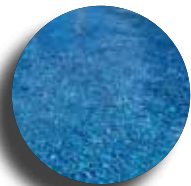

Do you dream of the tropical resort feel of **Beachside**, the pristine, shimmering look of **Clearwater**, the sophisticated aquatic retreat of **Natural**, crisp waters of **Pacific Blue** or the dramatic, deep lagoon effect of **Deep Ocean**? Find the pattern that brings your vision to life.

**CFFA P-101 Certification...Making the BEST Liners.**

When selecting a vinyl liner for your swimming pool, the Chemical Fabrics and Film Association (CFFA) certification is your single best guarantee of quality and long-term performance.

**The best memories start with a pool liner that's made to last.**

It's not just a label; it's a verification that your liner material has passed rigorous, independent testing to meet high industry standards. This means you are investing in a liner built to last in your backyard environment.

# signature luxe Shimmer Patterns

## What are Shimmer Patterns?

These patterns contain metallic, reflective, and in some cases luminescent inks that greatly increase the vibrance of the liner under a variety of lighting conditions. In sunlight, this results in greatly increased 'shimmering' or 'sparkling' of the water. In cloudy conditions, the effects are subdued but the metallic inks still provide a beautiful and classy ambiance in the pool.

### Do these inks affect the life of the liner?

Not at all! The special inks that are used are located below the UV Clear Coat layer on the liner film. They do not affect the life of the liner at all!

## Mosaic Masterpieces

Opting for a swimming pool liner with mosaic patterns instantly elevates your backyard oasis, blending fine craftsmanship with modern styles. Intricate tile-inspired designs—Mediterranean medallions, shimmering cobalt glass looks, or subtle Byzantine geometrics—add captivating light play and depth that make the water appear clearer and more luxurious.

## UV & Fade Resistant • Made for Everyday Living

Every Signature liner starts with exceptional vinyl. We source our material exclusively through Continental, a global leader in advanced pool vinyl technology. Their precision-engineered surfaces are known for rich color depth, dimensional stability, and long-lasting durability that performs beautifully in every backyard environment.

From the vibrant look on day one to the reliable strength you can feel season after season, Continental-sourced vinyl gives Signature liners the premium foundation they're built on.

## ASTM Information

Vinyl Pool Liner is designed to fully meet Specification P-101D published by the Chemical Fabrics & Film Association. Colors and print designs are constantly being refreshed to keep up with popular trends while maintaining good chlorine and UV resistance.

### Product Overview

Description	PVC compact sheet with print pattern and clearcoat
Applications	Pool Liner
Processing	RF Welding/Heat Sealing

### Dimensional & Weight Properties

Thickness	Target +/- 5%
Specific Gravity	1.23 – 1.29 (color dependent)
Mass	650 g/m2 (nominal for 20 mil construction)
Width	Standard walls: 36"; standard floors: 72".

### Physical Properties

Elongation	>300%	ASTM D882
Tensile Strength	>2300 psi	ASTM D882
Tear Strength	>220 ppi	ASTM D1004
Low Temperature Impact	-20°F	ASTM D1790
Dimensional Stability	≤4%	ASTM D1204

### Colorfastness & Surface Durability

QUV Weathering	Minimal Color Change (200 hrs)	ASTM G154
QUV Weathering	Minimal Polymer Degradation (1,500 hrs)	ASTM G154
Abrasion Resistance	Minimal Wear	ASTM D3389/CS17/500g/300 cycles
Volatile Loss	≤1.5%	ASTM D1203
Chlorine Resistance	Excellent	Internal Test Method

### Additional Properties

Soap Water Extraction	≤0.35%	ASTM D1239
Resistance to Mildew	No Growth	ASTM G21
Pink Stain	No Growth	ASTM E1428

Properties listed do not constitute a warranty or specification. Test values are based on material conditioned and tested in a controlled laboratory using established standards and procedures. Properties vary based on embossed grain, color, multi-ply lamination and other variables.

# ALL ABOUT WATER SAFETY

With owning a pool also comes responsibility. There are many rules that must be followed around a pool. Protect yourself and your loved ones. Read and educate yourself with all the literature that is available in the pool industry. Insist that your independent pool professional supplies the industry publications that deal with pool safety, maintenance and the DOs and DON'Ts around the pool. There are also many resources for pool safety information on the Internet. PoolSafely.gov and the Pool & Hot Tub Alliance are two of the largest industry resources for water safety publications. Find out more below!

Reading the "safety literature" is vital for the safety of your family. We insist that you read each and every piece of literature that is normally enclosed in your safety package. You should find several important items with which you must become familiar, including:

- 1) "DANGER" no diving area warning sign.
- 2) "No Diving" stickers.
- 3) "Caution" sticker for pool steps.
- 4) "The Sensible Way to Enjoy Your Pool," and additional literature published by The Pool & Hot Tub Alliance (PHTA).

**DOWN SYNDROME**  
Advocacy Program

## OUR MISSION:

Our mission is to promote water safety to individuals with Down syndrome and/or other disabilities who are twice as likely to drown due to a lack of water safety skills. Only Alpha Pool Products is dedicated to helping reduce drowning statistics by offering financial support to swim instructors seeking to receive swim certifications to teach a more adaptive approach for individuals with disabilities.
